

BRANDING GUIDELINES

World Glaucoma Week

World Glaucoma Week

March 9 - 15, 2025

World Glaucoma Week

March 9 - 15, 2025

Awareness Ribbon

The green colored ribbon is designed to create public awareness to health, medical conditions, disability, and other issues. The Awareness ribbons are defined as short pieces of colored ribbon folded into a loop, or representations of such, which are used in the United States, Canada, Australia, UK and other parts of the world as a way for wearers of the ribbon(s) to make a statement of support for a cause or issue.

World Glaucoma Week

March 9 - 15, 2025

Wordmark

The full name of the congress should always be written completely

Date

Is always marked in a different color

DO NOT
Rotate the logo at any degrees

DO NOT
place the logomark or logo text on the other side

DO NOT
Add any additional text or artwork

DO NOT
Change the color or font of the logo

DO NOT
Have a transparent logo with coloured font (png or eps file) on a colored background

DO NOT
Change the logo's aspect ratio

CLEAR SPACE

Clear space is defined as the space that no other element explicit or implicit shall cross in relation to the World Glaucoma Week Logo

MINIMUM SIZE

To make sure the logo is always clear and legible, there is a minimum size requirement.

ALTERNATE APPEARANCE

The World glaucoma week logo should always be presented on a White background. But when not possible, On photo images, make sure to use the logo with the white borders around it and that it's clearly to read. It should be placed on an open space with sufficient contrast. Do not place logo on people, busy colorfull background or objects.

On an color background, the text should be white including the white border ribbon.

The examples shown here are exceptions that have specific usage allowances.

SOURCE SANS PRO

Typography plays an important role in communication and overall tone and quality. Careful use of typography reinforces our personality and ensures clarity and harmony in all World Glaucoma Week communications.
